

MAYOR Of Gambler Tenders His Resignation Thursday

And Harry Holmes Elected To Fill Vacancy

Gambler, O., Aug. 5.—On Thursday afternoon, Mayor Horton of this village, tendered his resignation from the office of mayor of Gambler. This unexpected action taken by the chief executive of the village is explained by the fact that he, with his family, expects to leave for Ann Arbor, Michigan, the latter part of this month and make his future home in that city. A special meeting of the village council was held on Thursday evening, at which, Harry Holmes was elected mayor of the village to succeed Mr. Morrow.

RIBS

Broken And Other Injuries Sustained By Daniel Beal

Daniel Beal, residing about one mile west of Fredericktown, narrowly escaped being fatally injured on Thursday afternoon while preparing to drive to Fredericktown. Mr. Beal had hitched up and was arranging the duster on the seat of the buggy when the horse started to trot swiftly down the road. Mr. Beal succeeded in securing a good hold on the lines but fell and was dragged for a considerable distance before the horse could be stopped. The man was severely injured, having sustained two fractured ribs on the left side, besides several painful bruises. Dr. J. H. Norrick of Fredericktown was called to reduce the fractures and to render other necessary surgical attention.

BURNED

To Death Were Seven People In Tenement Fire

New York, Aug. 5.—Seven lives were lost early today in a fire which destroyed a three-story lodging house in the foreign quarter of Jamaica, L. I. The blaze started in a hallway, the only exit, and spread so rapidly that few of the inmates had an opportunity to escape.

RUNAWAY

Boy Said To Be Coming To This City

(Coshocton Age)

By the use of the telephone Ernest Reed, who disappeared from the home of his father, Stewart Reed of Roscoe last Monday, was located late Wednesday evening near New Castle and according to statements made by the people with whom young Reed talked, he was on his way to Mt. Vernon.

Wednesday afternoon Mr. Reed learned that his son had been seen in the vicinity of New Castle and a telephone message to people living near there brought to the father the first news he has had of the whereabouts of his son since last Monday morning when the young boy, who is only fourteen years of age, dressed in a new suit of clothes and left his home.

He was traced to New Castle by telephone and through there. People in that vicinity say that he passed through there Tuesday and talked to several farmers along the way telling them that he was on his way to Mt. Vernon.

Mr. Reed expects to notify the authorities at Mt. Vernon and have the boy detained there when he arrives and Probation Officer Brunsell will be sent there to bring the boy back to his home.

WAIVED EXAMINATION

At ten o'clock Friday morning, the time set for the hearing of James Pipes, charged with desertion of his minor children, he appeared before Squire Harter. When called upon to answer to the charge, he waived examination and was bound over to the grand jury under a \$250 bond.

BITTEN

By A Viper While Picking Berries

While engaged in picking blackberries Mrs. Joseph Gruver, residing on the Frank Dete farm, three miles west of Loudonville, was bitten by a viper Tuesday afternoon. She noticed something coiling around her feet but thought she had become entangled in a briar. When she discovered that it was a snake and tried to free herself the venomous viper bit her five times in succession on the ankle. Mrs. Gruver had nothing but her bucket of berries with which to fight the reptile and in the skirmish it got away and afterward could not be found by several men who made a careful search for his snakeship. She was made violently ill but managed to get back to the house. Dr. A. W. Budd, of Perryville, was called in attendance and at last reports she was some better with fair chances of recovery from the effects of the deadly poison with which her system became inoculated in the encounter that might have been fraught with fatal results.—Loudonville Democrat.

NOTES

Of General Interest From The Gas Field

(Utica Herald)

The Wm. Powell well of the Ohio Fuel, south of Granville, came in with one million volume.

The Columbus Natural Gas Co. got about one million volume on the Preston farm northwest of Chatham last week.

The report that the Everett company's eleven-million well on the Frank Jones lease had been drowned out, was incorrect. It was doctored for the removal of salt, and is said to be producing better than three millions of feet of gas per day since it was relieved.

SEVERE

Injury sustained By Charles Elliott

Charles, the small son of Mr. and Mrs. Charles Elliott of Marion street, sustained a very severe injury while swimming at "Sandy Beach" in Owl creek Thursday afternoon. The boy, who was in swimming with a number of other boys of about his own age, dived off the bank, striking the top of his head on some sharp object at the bottom of the creek. He was taken to the office of Dr. B. C. Deeley where surgical attention was rendered. Several stitches were required to close the wound.

BODY

Brought From Austria And Buried At Wooster

Wooster, O., Aug. 5.—The body of Ralph E. Plumer, the pianist of this city who met an accidental death in Austria on July 21, was interred here this afternoon. The body reached here in 14 days after death, a remarkably short time, and was made possible through the assistance of the national government. The body was in such condition that it could not be seen, nor taken to the church, where services were conducted by Rev. Frank Heilman and Rev. L. E. Holden, president of Wooster university. The floral tributes were simply magnificent and the attendance at the services very large.

The Sapp Estate

Alice T. Sapp has been appointed administratrix of the estate of Dwight E. Sapp by the probate court of Knox county, giving bond in the sum of \$50,000 with a bonding company of Cleveland as surety. The appraisers are Fred S. McConnell, E. H. Fairchild and William A. Ackerman. The application for letters of administration shows the amount of personal property to be about \$25,000 and real estate \$7,000.

THE OHIO CROP REPORT FOR MONTH OF JULY

The following is the official report of the Ohio Department of Agriculture on crops August 1:

The following report, showing the percentage prospect of crops, named, is based upon reports received from the regular crop correspondents of the department:

Wheat—Prospect compared with normal yield, 96 per cent.

Wheat—Average date of harvest, July 10.

Oats—Prospect compared with normal yield, 108 per cent.

Oats—Average date of harvest, July 23.

Barley—Average date of harvest, July 1.

Rye—Average date of harvest, July 12.

Clover—Area sown in 1909 cut for hay, 83 per cent.

Clover—Hay, product per acre, 1.53 tons.

Clover—Quality compared with an average, 94 per cent.

Potatoes—Prospect compared with normal yield, 79 per cent.

Tobacco—Condition compared with an average, 83 per cent.

Pastures—Condition compared with an average, 86 per cent.

Apples—Prospect compared with normal yield, 38 per cent.

Peaches—Prospect compared with normal yield, 42 per cent.

Pears—Prospect compared with normal yield, 44 per cent.

Grapes—Prospect compared with normal yield, 51 per cent.

Berries—Product compared with last year, 57 per cent.

With threshing well advanced, correspondents estimate that the average yield of wheat per acre for State as a whole will be approximately 14 1/2 bushels or 96 per cent. in comparison to a normal yield of 15 bushels per acre, represented by 100 per cent. One

month ago it was estimated 1,682,874 acres would be harvested. This should produce 24,401,673 bushels, an increase of 841,437 bushels over the July estimate. This is approximately three million bushels short of the estimated 1909 harvest. The prospective yield varies greatly over the state.

Ashtabula county should produce the banner yield per acre, while Jackson county has the poorest prospect. Following are counties and percentage estimates reporting average yield per acre, normal or better.

Ashland 119; Ashtabula 144; Clark 108; Columbiana 117; Crawford 109; Cuyahoga 128; Delaware 108; Erie 112; Fulton 121; Geauga 142; Hamilton 103; Holmes 102; Huron 107; Lake 110; Licking 106; Lorain 108; Mahoning 117; Medina 112; Mercer 111; Miami 117; Morrow 100; Ottawa 105; Portage 113; Sandusky 102; Seneca 107; Stark 110; Summit 119; Trumbull 135; Van Wert 100; Warren 103; Wayne 126; Williams 116; Wood 111; Wyandot 112. Compared with last year the harvest is one week late.

Oats have advanced four points since July report, prospect being now estimated at 108 per cent compared with normal yield. Complaints general of crop being badly lodged. Some damage by rust reported. Present indications are that the harvest will equal, if not exceed, the abundant one of 1909.

Correspondents notes generally, reference to corn are most encouraging. In some sections of state crop is suffering for rain.

Clover hay is of excellent quality. The average production per acre is approximately one and one-half tons. Pastures are in fair condition. Rain is needed.

Fruit prospects discouraging. Percentage estimates following: Apples 38; peaches 42; pears 44; grapes 51. Compared with last year berry product is estimated at 57 per cent.
